Dear Head of Human Resources

As a Full Stack Developer with 4 Years start-up and scale-up Experience, I apply with enthusiasm for this role.

I am an enthusiastic and high-achieving IT professional with a Bachelor of Computer Science, currently working on Software and Systems Administrator at South Gondar Zone Administration Office.

I have acquired the skills necessary to build great, appealing, and premium websites that meet the latest web standards.

- Implement new product features and improve existing codebase
- Enhance backend and frontend systems to scale as request and data volumes have grown larger and larger
- Deploy systems for testing, work closely with QAS, and deploy final versions to production

In addition to my experience, I hold a Bachelor of Computer science and have and existing online portfolio (https://amareg.netlify.app/)

I have loved every minute of my time at South Gondar Zone Administration.

Please find attached my resume for consideration. Thank you very much for your time. I look forward to hearing from you regarding next steps.

Yours sincerely
Amare Gatie
